

Name _____

Sure... But Is It?

Directions - Read the AI's paragraph below. Each sentence is numbered. For every line, rate **how confident the AI sounds** and **how confident you are** that the statement is true. Then, explain any mismatches - times when the AI *sounds sure* but *might not actually be right*.

Use this scale for ratings: **1 = Not confident at all** **2 = Somewhat** **3 = Very confident**

The AI's Answer: "The Secret Life of Bees"

1. Bees sleep upside down, hanging from honeycomb cells like bats.
2. Every bee in a hive has a special job, from guarding the entrance to feeding baby bees.
3. The queen bee can live up to 50 years if she's never disturbed.
4. Bees talk to each other through dance movements that show where flowers are.
