AI Caption Catastrophe Answer Key

Image 1:

Real description: A cute elephant is floating with a bunch of colorful balloons.

AI's mistake: It mistook the elephant for a pig and confused the balloons for a kite.

Image 2:

Real description: A cat is planting a small tree using a shovel and watering can.

AI's mistake: It identified the cat as a dog and completely misunderstood the gardening tools as cooking utensils.

Image 3:

Real description: A blue cartoon character with antenna-like wires holding a heart, cup, apple, and flower.

AI's mistake: It thought the objects were being juggled or balanced, missing that they're attached designs.

Image 4:

Real description: A green three-eyed cartoon monster with big ears and a silly expression.

AI's mistake: It misidentified the creature as a frog and invented extra context (sunglasses, dancing, beach) that isn't there.

Name _____

Why they're wrong: Imaginary ingredients don't exist, counting isn't part of baking, and "cloud juice" isn't real.

Fixed Recipe:

1. Preheat oven to 350°F.
2. Mix butter, sugar, and real chocolate chips in a bowl.
3. Add eggs and stir well.
4. Drop spoonfuls of dough onto a baking sheet.
5. Bake until golden brown and serve with a glass of milk.
