

Name _____

What If Superman, Homer, and Kermit Wrote My Story?

Every writer has their own normal voice, but what if you handed your words to a superhero, a cartoon dad, or a singing frog? In this activity, you'll write a short passage in your *own usual style*, then imagine how the *same* piece would sound if AI rewrote it in the voices of **Superman, Homer Simpson, and Kermit the Frog**.

Part 1 - Your Normal Voice - Write 3-4 sentences in your *own everyday style of writing*. You can describe your morning, your favorite food, or a simple memory.

My Normal Writing:

Part 2 - Predict the Roleplay Voices - Now take your normal writing and imagine how it would sound in each of these voices. Keep the meaning the same, but shift the tone, vocabulary, and personality.

Voice 1: Superman

Voice 2: Homer Simpson

Voice 3: Kermit the Frog
