

Name _____

AI Riddle Time! Answer Key

1. Turing Test (1950)

Sample Analogy: *"The Turing Test was like a disguise contest because it judged whether a machine could fool people."*

2. ELIZA (1966)

Sample Analogy: *"ELIZA was like a parrot because it repeated what you said in a different way."*

3. Expert Systems (1970s–1980s)

Sample Analogy: *"Expert Systems were like recipe books because they gave step-by-step instructions but couldn't invent new recipes."*

4. IBM Deep Blue (1997)

Sample Analogy: *"Deep Blue was like a robot gladiator because it defeated a human champion in battle."*
