

Name _____

AI Vocabulary Quiz Show

Instructions -Each clue is a riddle about an AI word. Read carefully and see if you can guess the correct term!

1. I'm like a secret recipe, but for a computer. Follow my steps, and you'll always get the same result. Without me, the machine wouldn't know what to do next.

What am I?

6. I'm a rulebook, but not for sports. I guide people and machines about what's right and wrong. Without me, AI could make harmful choices.

What am I?

2. Sometimes I'm fair, but often I'm not. I can sneak into data and cause unfair outcomes. People try to reduce me so AI can treat everyone equally.

What am I?

7. I keep your secrets safe. I make sure strangers can't see your data. Apps that protect me are trusted more than those that don't.

What am I?

3. I'm the brainy part of AI, inspired by the human mind. I use layers to process information, just like neurons. Without me, image recognition and speech understanding would be much harder.

What am I?

8. I'm not a person, but I can chat with you. Sometimes I sound helpful, sometimes a little robotic. I live inside websites, apps, and even customer service.

What am I?

4. I don't always get it right, but the closer I am, the better. Arrows hitting a bullseye are a good picture of me. Doctors and scientists want me to be very high when AI makes predictions.

What am I?

9. I make tasks faster and smoother. Companies love me because I save time and resources. But if I fail, things can become wasteful and slow.

What am I?

5. Some say I help students think outside the box. Others worry I'll replace imagination with machine-made ideas. Whether I'm good or bad, I always mean making something new.

What am I?

10. Governments write me to control how AI is used. I can limit what's allowed and punish misuse. Without me, AI might grow wild without boundaries.

What am I?
