

Name _____

Riddle Construction

Instructions

1. Look at the answer word you are given.
2. Write a riddle that matches that answer.

Riddles usually use **clues, puzzles, or wordplay**.

Example: Answer = "shadow" → *"I follow you everywhere but disappear in the dark. What am I?"*

3. Share your riddle with a partner and see if they can solve it.
4. Reflect: Would an AI be good at inventing riddles? Why or why not?

1. Answer Word: SHADOW

Your riddle: _____

2. Answer Word: CLOCK

Your riddle: _____

3. Answer Word: RAIN

Your riddle: _____

4. Answer Word: BOOK

Your riddle: _____

Reflection Questions

5. What made riddle-writing **easy** for you? What made it **hard**?
6. Why might **humans** be better at writing riddles (hint: creativity, humor, wordplay)?
7. Why might **AI** struggle (hint: rules, over-explaining, missing the "joke")?
