

Name _____

Active Suspects

Directions: A crime has been committed, but the clues are written in **passive voice**. Your job is to **rewrite each sentence in active voice** by adding the missing doer (agent). The suspects are:

- The Butler
- The Chef
- The Maid
- The Gardener

Each suspect can only appear **once**. At the end, use your rewritten sentences to figure out: *who did it?*

Clues (Passive Sentences):

1. The silver tray was polished in the kitchen.

2. The muddy footprints were swept off the hallway floor.

3. A suspicious letter was hidden inside the drawer.

4. The broken vase was glued back together.

Final Task: Now that you have rewritten the sentences in active voice, decide: **Which suspect is guilty of hiding the suspicious letter?** Write one sentence to explain your reasoning.
