Teacher's Guide

Skill Focus: Helps students recognize how tone, behavior, and professionalism should adapt to different environments, such as the workplace versus social or school settings.

Differentiation Tips:

- Read the passage aloud and emphasize tone changes in dialogue.
- Discuss examples of "friendly but professional" behavior in different work settings.
- Provide vocabulary support for terms like *professional*, *supervisor*, and *tone*.

Engagement Ideas:

- Have students role-play two greetings: one casual, one professional, then reflect on which fits a workplace better.
- Discuss how students might adjust their tone and body language for different audiences (friends, teachers, employers).

Extension Ideas:

- Ask students to write a short reflection: "How would I show professionalism on my first day at work?"
- Create a "Workplace Behavior Code" list as a class, using ideas drawn from the story.
