

Name _____

Sum Match Answer Key

1. C ($2.45 + 1.30 = 3.75$)
2. H ($4.18 + 2.27 = 6.45$)
3. F ($5.36 + 3.75 = 9.11$)
4. A ($7.82 + 2.29 = 10.11$)
5. B ($1.94 + 4.51 = 6.45$)
6. D ($3.68 + 5.67 = 9.35$)
7. E ($6.25 + 1.55 = 7.80$)
8. G ($2.83 + 3.87 = 6.70$)

Teacher's Guide

- Encourage students to estimate each sum before matching to eliminate unlikely choices.
- Remind students to line up decimal points when solving on scratch paper.
- For students needing support, reduce the number of answer choices by covering half of Column B.
- Have students work with a partner to explain how they found each match.
- Turn the activity into a timed fluency challenge after students understand the process.
- Extend the lesson by asking students to create four decimal addition expressions and four matching sums for a classmate to solve.
