

Name _____

Match Makers Answer Key

1. F
2. I
3. B
4. C
5. J
6. H
7. D
8. G
9. K
10. E
11. L
12. A

Teacher's Guide

- Review that when denominators are the same, students add only the numerators.
- Encourage students to solve each equation before looking through the answer choices.
- Suggest crossing off each sum after it has been matched to avoid duplicate answers.
- Provide fraction strips for students who benefit from visual support.
- Have pairs of students compare matches and explain their reasoning for one or two problems.
- Extend the activity by asking students to write four new fraction addition equations and create a matching list of sums for a partner.
