## Treasure Hunt Adverb Sorting

**Instructions** - Imagine you are a pirate decoding a map filled with clues. Each clue contains an **adverb of place**. You must help the crew sort each clue into the correct category:

- **Direction** – tells where something is moving toward (e.g., away, forward, backward)
- **Position** – tells where something is located (e.g., above, here, downstairs)
- **Distance** – tells how far something is (e.g., nearby, far, beyond)

**Pirate's Clue List** - Sort the following adverbs of place into the correct category table below.

forward	below	above
upstairs	beyond	far
nearby	here	outward
down	away	inside
across	there	nearby (yes, twice)

## Sorting Table

Direction	Position	Distance
