

Name _____

Africa Reflections

Directions: Think about what you have learned about Africa. Answer each question in complete sentences.

1. Before learning more about Africa, what was one thing you thought was true but later realized was incorrect?

2. What new fact or idea about Africa surprised you the most?

3. How did this new information change the way you picture the continent?

4. What is one important thing you think more people should understand about Africa?

5. What part of Africa's geography, cultures, or wildlife do you want to learn more about next?
