2. all
3. whole
4. all
5. whole
6. whole
7. all
8. whole
9. whole
10. all

Teacher's Guide:

- **Skill Focus:** Helps students determine the correct use of **all** (for groups or plural nouns) and **whole** (for single, complete units) by interpreting contextual clues.
- **Differentiation Tips:**
 - For visual learners, show pictures of one item versus many to reinforce the difference.
 - Offer sentence stems for students needing support ("___ of the apples..." vs. "the ___ apple").
- **Engagement Idea:** Have pairs act out short dialogues, pausing for the class to call out *all* or *whole*.
- **Extension Activity:** Ask students to create three new dialogue snippets using both determiners correctly, then swap with a partner to test comprehension.
