Teacher's Guide:

- **Skill Focus:** Reinforces when to use **all** (for groups, plural nouns, or uncountable amounts) and **whole** (for single, complete items) under time pressure.
- **Differentiation Tips:**
 - For beginners, read sentences aloud slowly and let them vote *all* or *whole* before writing.
 - For advanced students, mix in trickier phrases ("the all day" vs. "the whole day") for challenge rounds.
- **Engagement Idea:** Turn it into a game show. Divide the class into teams, set a timer, and award points for quick, correct answers.
- **Extension Activity:** After the quiz, have students write their own five timed questions using *all* or *whole* correctly, then quiz a partner.
