*(Two additional acceptable corrections may vary slightly in phrasing, such as rewording for fluency.)*

### Teacher's Guide:

- **Skill Focus:** Strengthens mastery of **all** (used with plural nouns, uncountable amounts, or groups) and **whole** (used with single, complete entities) through applied text editing.
- **Differentiation Tips:**
  - For visual learners, color-code examples of *all* and *whole* before reading.
  - For advanced students, ask them to justify each correction with a rule-based explanation.
- **Engagement Idea:** Have students exchange edited versions and peer-check for accuracy using a color pen.
- **Extension Activity:** Challenge students to write their own short paragraph (8-10 sentences) using both determiners correctly, then swap with a partner for review.
