Teacher's Guide:

- **Skill Focus:** Reinforces correct use of **all** (for plural or uncountable nouns and groups) and **whole** (for single, complete units).
- **Differentiation Tips:**
 - Provide visual aids showing one object versus a group of items.
 - Let advanced students explain why their chosen determiner fits grammatically.
- **Engagement Idea:** Conduct a "Determiner Duel." Read a sentence aloud and have students stand for *all* and sit for *whole*.
- **Extension Activity:** Ask students to write five new multiple-choice questions using *all* and *whole* correctly and exchange with a partner for peer review.
