Teacher's Guide:

- **Skill Focus:** Strengthens critical reading, tone analysis, and precise understanding of *alone* versus *lonely* in abstract and real-world contexts.
- **Differentiation Tips:** Review key emotional vocabulary (solitude, isolation, disconnection) before reading. Offer sentence stems for tone analysis such as "The author feels that..." or "This word suggests..."
- **Engagement Ideas:** Invite students to debate whether digital connection reduces or increases loneliness, using evidence from the passage.
- **Extension Activities:** Have students write a one-paragraph reflection analyzing their own experiences with digital solitude, using both *alone* and *lonely* in contextually distinct ways.
