Teacher's Guide

- **Differentiation Tips:** For younger students, read the pair names aloud.
- **Engagement Ideas:**
 - Use real objects or classroom items for a hands-on matching game.
 - Have students explain why two pictures belong together in a complete sentence.
- **Extension Activities:**
 - Challenge advanced learners to create their own picture analogy (e.g., "Bird is to nest as dog is to... kennel").
 - Use a "mystery match" challenge: students guess which picture the teacher is describing from its relationship clue.
- **Skill Focus:** Builds understanding of **relationships between words, vocabulary reasoning, and critical thinking**, strengthening both **reading comprehension** and **verbal expression**.
