## Analogy Fill-Ins Answer Key

- |            |            |
|------------|------------|
| 1. Paint   | 6. Bird    |
| 2. Cold    | 7. Kitchen |
| 3. Cat     | 8. Sing    |
| 4. Night   | 9. Account |
| 5. Sadness | 10. Snow   |

### Teacher's Guide

- **Differentiation Tips:**
  - For developing readers, read each sentence aloud and emphasize the context clues that hint at the missing word.
  - For advanced learners, remove the analogy structure and have them infer both pairs from context alone.
- **Engagement Ideas:**
  - Turn it into a "Word Detective" game: students highlight the context clues that helped them solve each analogy.
  - Have small groups create their own "analogy in context" sentences for classmates to solve.
- **Extension Activities:**
  - Ask students to explain each analogy in full sentences, describing the connection (e.g., "A pencil is used to write; a paintbrush is used to paint.").
  - Let students illustrate a few analogies to visualize the relationships.
- **Skill Focus:** Develops **inferencing**, **context clue interpretation**, and **word relationship understanding**, while reinforcing **vocabulary reasoning** through real-world and sentence-based analogies.
