

Analyzing Information in Text Answer Key

1. **What does the story suggest about Jasmine's personality?**
 - She is creative, determined, and thinks outside the box. She chose a unique project and kept working even when it was hard.
2. **Why was Jasmine's project different from most of her classmates'?**
 - Instead of traditional projects, she built a robot with a real-world purpose—cleaning her room.
3. **What role did her older brother play in Jasmine's success?**
 - He encouraged her when she felt like giving up, helping her stay motivated.
4. **What does Jasmine's reaction to not winning first place tell you about her?**
 - She values effort and growth over winning and is proud of her accomplishment.
5. **How did the audience react to Jasmine's robot, and what can we learn from their reaction?**
 - They were excited and supportive, which shows that innovation and effort are appreciated even if you don't win.
6. **Why do you think Jasmine said, "Next year, I'll make it even better"?**
 - She's motivated to improve and is excited to keep learning and building.
