Formulating Questions

Read the passage:

Every morning, Maya walked to school with her little brother, Daniel. She made sure he crossed the streets safely and stayed with her the whole way. One rainy morning, Maya noticed Daniel had forgotten his umbrella. Without saying anything, she handed him hers and walked beside him, getting a little wet but smiling the whole time. When they got to school, Daniel gave her a big hug and whispered, "You're the best sister."
