

Name _____

Stronger Together Answer Key

Sample Responses:

1. I asked a classmate to explain a math problem I didn't understand.
2. My classmate was patient and walked me through the steps.
3. I felt nervous at first but relieved once I asked.
4. Yes, it made our friendship stronger because I saw I could trust them.
5. I learned that asking for help is a sign of maturity, not weakness.
6. It's important because teamwork and support help everyone succeed.

Teacher's Guide:

- **Differentiation Tips:** Provide sentence starters such as "One time I needed help was when..." or "Asking for help made me feel..." for students who need scaffolding. Allow oral dictation or peer scribing for students with writing challenges.
- **Engagement Strategies:** Begin the activity with a class discussion about real examples of teamwork or peer support. Highlight how mutual help builds trust and respect.
- **Extension Ideas:** Encourage students to write a short thank-you note to a peer who has helped them in the past. Create a classroom "Support Wall" where students anonymously share examples of when kindness or help made a difference.
