### Teacher's Guide:

- **Differentiation Tips:** Provide sentence starters or visual cue cards for students who need additional support understanding polite phrases. Allow emerging readers to point to or circle correct words instead of writing them.
- **Engagement Strategies:** Practice each completed sentence aloud using friendly tone and eye contact. Use role-play to model polite requests in common classroom situations.
- **Extension Ideas:** Encourage students to create their own polite sentences using words from the word bank. Have a "Polite Words of the Day" chart to reinforce real-world use throughout the week.
