Teacher's Guide

- **Skill Focus:** Strengthens understanding of how **at**, **in**, and **on** describe spatial relationships and classroom positions.
- **Differentiation Tips:**
 - For learners needing support, demonstrate each sentence by pointing to classroom items or labeling areas.
 - Offer a word bank of prepositions for independent or partner correction.
- **Engagement Ideas:**
 - Turn the worksheet into a real "**Classroom Scavenger Hunt**" by having students walk around and find examples that match each clue.
 - Allow small groups to make up three new clues for classmates to solve using real classroom objects.
- **Extension Activities:**
 - Have students write a short paragraph describing their classroom using all three prepositions correctly.
 - Encourage them to draw a classroom scene and label objects using **at**, **in**, and **on** accurately.
