

Name _____

Atlantic Ocean Insights Answer Key

- | | |
|------|------|
| 1. B | 5. A |
| 2. B | 6. C |
| 3. A | 7. C |
| 4. D | 8. D |

Teacher's Guide

- Aimed at grades 4 to 9, this worksheet reviews key concepts about the Atlantic Ocean including geography, climate, and natural features.
- Encourage students to eliminate incorrect choices before selecting an answer.

Differentiation Tips

- Preteach vocabulary such as current, ridge, and climate for students who need extra support.
- Allow students to work with a partner to discuss reasoning.
- Challenge advanced learners by having them write one new A to D question with correct and incorrect options.

Engagement Ideas

- Use a world map or globe to point out locations and currents mentioned in the questions.
- Begin class with a quick brainstorming session on what students already know about the Atlantic Ocean.

Extension Activities

- Ask students to research one Atlantic feature such as the Sargasso Sea or the Gulf Stream and present two facts.
- Have students write a short explanation of how the Atlantic influences weather in the places they have studied.
