

Name _____

Atlantic Ocean Explorer Answer Key

- | | |
|-----------|-------------|
| 1. Europe | 5. whales |
| 2. trade | 6. currents |
| 3. ridge | 7. largest |
| 4. cold | 8. islands |

Teacher's Guide

- This worksheet supports grades 3 to 6 by combining geography content with vocabulary and context clue skills.
- Encourage students to reread each sentence and mentally test different word bank choices.

Differentiation Tips

- For students who need support, review the word bank vocabulary before beginning the activity.
- Allow students to highlight clues in each sentence that point to the correct answer.
- Challenge advanced students to write two new sentences using additional Atlantic Ocean vocabulary.

Engagement Ideas

- Begin with a quick class discussion about what students already know about the Atlantic Ocean.
- Display a map and identify the Atlantic, nearby continents, and notable regions.

Extension Activities

- Students can create a short paragraph using five or more word bank terms.
- Invite students to research the Mid Atlantic Ridge or another ocean feature and share a brief explanation.
