

Name _____

Fee Detective Answer Key

1. Out-of-Network ATM Fee, \$3.50; Monthly Maintenance Fee, \$12.00; Overdraft Fee, \$35.00; Replacement Card Fee, \$5.00.
2. \$3.50.
3. \$12.00.
4. Overdraft Fee, \$35.00.
5. \$55.50.
6. \$55.50.

Teacher's Guide

- Quick implementation: Review the difference between a bank fee and an ordinary transaction before students scan the statement independently.
- Differentiation: Have students underline words such as "fee" and "maintenance" before calculating the total.
- Engagement: Ask students to act as fee detectives and see if they can locate all four fees before answering the questions.
- Extension: Have students calculate what percentage of the \$55.50 total fees came from the overdraft fee.
