### Teacher's Guide

- **Skill Focus:** Differentiating *because* (used before a clause) and *because of* (used before a noun or noun phrase).
- **Differentiation Tips:**
  - Review sentence structure by underlining subjects and verbs to highlight when *because* is needed.
  - Offer a mini anchor chart with quick examples for visual learners.
- **Engagement Ideas:**
  - Have students justify each answer aloud to strengthen reasoning.
  - Turn the quiz into a "Reason Relay" game where students correct sentences on the board in teams.
- **Extension Ideas:**
  - Challenge advanced learners to write a short story using five correct *because* and five *because of* sentences.
  - Use real-world prompts, like explaining weather effects or sports results, to practice natural cause-and-effect writing.
