Teacher's Guide

- Encourage students to **read the choices aloud**, stretching the beginning sound to identify the correct digraph.
- For emerging readers, preview the three target digraphs first: **sh, ch, wh**. Provide a mini word list for reference.
- For differentiation, reduce choices to one distractor or supply picture cues to help match sound to meaning.
- For extension, invite students to write two new sentences of their own using any digraph words from the list. Students can share aloud and let classmates guess the correct spelling.
