Teacher's Guide

- **Differentiation:** For students who need support, read the poem aloud and pause after each line to listen for matching ending sounds. For students who are ready, ask them to explain how they know two words rhyme.
- **Engagement:** Read the poem together with rhythm. Have students clap when they hear a rhyme before circling it.
- **Extension:** Students choose one rhyming pair from the poem and write a new silly sentence using both words, then draw a quick picture to match.
