Teacher's Guide

- **Differentiation:** For students who need support, read each line aloud and offer two choices from the word bank. For students who are ready, have them cover the word bank and try to predict the rhyme first.
- **Engagement:** Read the chant with a steady beat; students tap the table on the last word to hear the rhyme clearly.
- **Extension:** Students choose two lines and rewrite them with new rhyming endings, then share their favorite line aloud.
