Teacher's Guide

- **Differentiation:** For learners who need support, read each set aloud and stretch the ending sounds (ca-t, ha-t). For learners who are ready, have them say one more rhyming word after they circle the answer.
- **Engagement:** Use a quick rhyme chant: "Target word, target word, find the rhyme!" Then students point before circling.
- **Extension:** After finishing, students pick two items and draw a simple picture for each rhyming pair (cat and hat), then label the pictures with the words.
