9. turtle
10. search

Teacher's Guide

- Introduce or review how the r changes the vowel sound in **r-controlled spellings**. Point out that some incorrect options may look convincing but do not follow real English spellings.
- Read sentences aloud for students who need auditory support. Have them repeat the bossy r word before choosing.
- Encourage students to tap out the sounds and ask themselves which spelling they have seen in real words.
- For an extension activity, have students create two original sentences using any two of the correctly spelled bossy r words from the worksheet.
