Teacher's Guide

- Introduce or review bossy r patterns ar, or, er, ir, ur before beginning the activity so students can hear and see each sound clearly.
- Encourage students to whisper-read each word aloud before matching to strengthen decoding with **meaning**.
- Provide sentence examples for students who need additional support, such as "The green **fern** grows by the log."
- For an extension, invite students to write a short definition or draw a labeled picture for one of the words to deepen vocabulary understanding.
