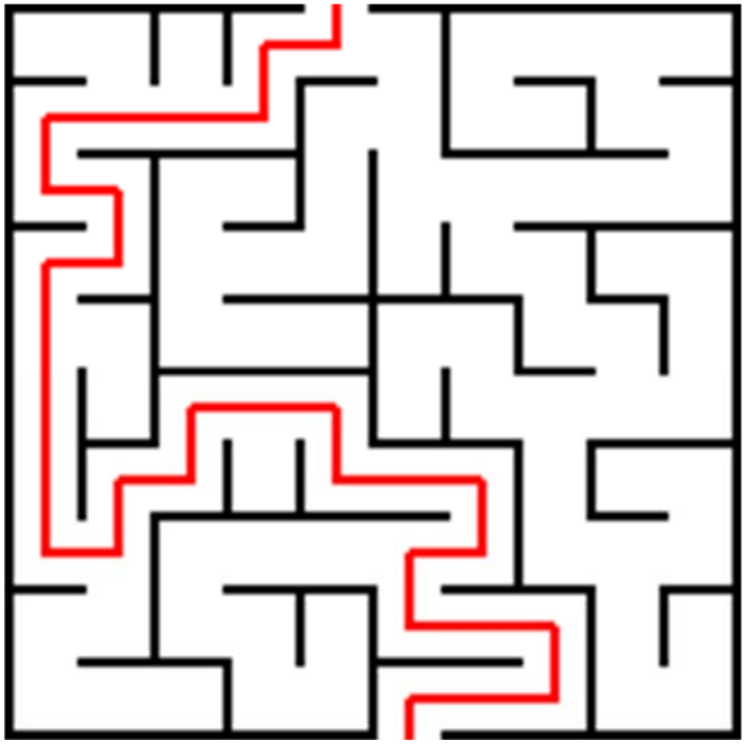
Name _____

Charity Trail Adventure Answer Key



Teaching Tips:

- Begin by explaining **Boxing Day** as a day of **giving and helping others**, often by donating or sharing gifts.
- Encourage students to imagine they are helping Mia on her **charity mission**, promoting empathy and teamwork.
- For younger students, demonstrate tracing one possible path with your finger before allowing them to try.
- For older or advanced students, time their maze completion or challenge them to create their own “giving-themed” maze story.

- **Extension Activity:** Lead a class discussion about real-life ways to "box up" kindness: like donating books, toys, or clothes after holidays.
