## Giving Back Math

**Directions:** Read each Boxing Day word problem carefully. Show your work and write the answer to each question.

1. **Gift Gathering:** Ben and his friends collected **96 toys** for children. They packed the toys equally into **8 boxes**. How many toys did each box hold?
2. **Donation Drive:** A local store raised **\$450** on Boxing Day. The store decided to split the total evenly among **3 charities**. How much money did each charity receive?
3. **Helping Hands:** Mia sorted **72 canned goods** for a food bank. If each food bag needs **9 cans**, how many full bags can she make?
4. **Box Sale Bonus:** After donating, a community group held a Boxing Day bake sale. They sold **120 cupcakes** at **\$2 each**. How much money did they raise in total?
5. **Sharing Spirit:** A family donated **\$300** to a cause. The parents gave **twice as much** as their kids combined. How much did the kids give together?
