

Name _____

Banking Entry Sort Answer Key

- | | |
|------------------------|------------------------|
| 1. Deposit | 7. Interest |
| 2. Debit-Card Purchase | 8. Deposit |
| 3. ATM Withdrawal | 9. Debit-Card Purchase |
| 4. Check | 10. Check |
| 5. Transfer | 11. ATM Withdrawal |
| 6. Fee | 12. Transfer |

Teacher's Guide

- Quick implementation: Review the seven transaction types briefly, then have students classify all 12 entries independently.
- Differentiation: Point out useful clues such as "ATM," "check," "transfer," and "service charge." Explain that plus signs show money entering the account and minus signs show money leaving it.
- Engagement: Challenge students to complete the sort accurately in five minutes, then compare classifications with a partner.
- Extension: Have students label each entry as increasing or decreasing the account balance and calculate the total amount added and total amount removed.
