## Draw The CVC Answer Key

Note: Drawings will vary. Correct answers show a recognizable picture matching each CVC word.

### Teacher's Guide

- Encourage students to sound out each CVC word, emphasizing beginning, middle, and ending sounds.
- Support emerging writers by modeling how to stretch and blend sounds before drawing.
- For students who need more help, provide optional picture cards they can reference while drawing.
- Extension ideas: Have students write the CVC word under their drawing, create a class book of their pictures, or sort their finished drawings into word families to reinforce phonics patterns.
