### Teacher's Guide

- Encourage students to say each onset and rime aloud, then blend them together. This strengthens phonemic awareness and decoding.
- For students who need support, have them use counters or tiles to physically join the onset and rime pieces before writing the word.
- Increase engagement by letting students make their own onset and rime cards and swap with a partner to build new words.
- Extension ideas: Have students identify which created words are real or nonsense, sort them into two groups, and illustrate one real word from each row.
