Teacher's Guide

- **Skill focus:** Hearing **rhymes** in **CVC** words by listening for the same ending sound.
- **How to run it:** Say each pair aloud first; then have students repeat and decide before marking.
- **Differentiation:**
 - Support: Emphasize the ending sound chunk (example: cat, at; hat, at).
 - Challenge: After marking, students say one more word that rhymes with each ✓ pair.
- **Engagement:** Turn it into a quick call and response; you say the pair, students say "Yes" or "No," then mark.
- **Extension:** Students circle the ending letters that match in the ✓ pairs (example: fox and box both end with ox).
