Teacher's Guide

- **Skill focus:** Matching **CVC** rhymes by listening for the same ending sound.
- **Prep:** Provide or draw simple pictures for hat, dog, wig, and red; students cut and paste into place.
- **Differentiation:**
 - Support: Say each target word, then the picture word; students repeat and listen to the ending (example: cat, hat).
 - Challenge: After gluing, students say a third rhyming word for any two sets.
- **Engagement:** Do "Rhyme Talk" before gluing; students touch their ear, then say the rhyming pair out loud.
- **Extension:** Students trace or copy the rhyming pair underneath (example: cat, hat).
