### Teacher's Guide

- **Skill focus:** Connecting **oral rhyming** to meaning by drawing **CVC** rhymes.
- **How to run it:** Say the target word, have students repeat, then reveal or model one rhyming word before they draw.
- **Differentiation:**
  - Support: Provide picture cards for the rhyming words and let students copy one.
- **Engagement:** Use a quick chant: "Say it, rhyme it, draw it!" before each item.
- **Extension:** Students color-code the ending sound letters in both words (example: cat and hat both end with at).
