7. **hop:** mop, top, hop, cop
8. **pen:** ten, hen, den, men

Teacher's Guide

- **Skill focus:** Finding **CVC rhymes** by listening for the same ending sound in a mixed group of words.
- **How to teach:** Have students say the target word, then repeat each choice and listen for the matching ending sound.
- **Differentiation:**
 - Support: Read the group aloud and pause after each word so students can echo and decide.
 - Challenge: Students explain why a word does not rhyme (different ending sound).
- **Engagement:** Use "detective talk"; students whisper "match" when they hear a rhyme, then circle it.
- **Extension:** Students sort the circled rhyming words into a mini word family list under the target word.
