

Name _____

Spot The Real CVCe Answer Key

Real words: cake, ride, rope, fine, cube, bike, wake

Nonsense words: mape, sote, nibe, lape, tade, zape, pote, gire

Teacher's Guide

- Practice blending each word aloud with students to reinforce how the silent e changes the vowel sound to long.
- For students needing more support, provide picture cues for the real words so they can match sound to meaning.
- Challenge advanced learners to turn the real words into short sentences or sort them by long vowel sound.
- Turn it into a partner game by having students create their own real and nonsense CVCe cards for classmates to sort.
