5. leaf
6. leap
7. beam
8. steer
9. root
10. gleam

Teacher's Guide

- This worksheet strengthens students' ability to select the **correct CVVC spelling** by using meaning clues rather than guessing.
- Encourage students to read both choices aloud and decide which one looks and sounds right based on familiar vowel team patterns.
- For differentiation, offer a vowel team reference chart or practice decoding the word pairs together before independent work.
- For engagement, turn several items into a partner challenge where students justify their choices using the phrase "I chose this word because..."
- For extension, invite students to create two new clue sentences that include a pair of tricky CVVC spellings and exchange them with a classmate.
