

Name \_\_\_\_\_

## CVVC Sound Sort Answer Key

**Long A:** train, steak, trail

**Long E:** leaf, beam, reach, green, clean

**Long O:** float, road, coach, roam

### Teacher's Guide

- This activity helps students tune their ears to vowel **sounds**, not just spelling patterns, building stronger phonemic awareness.
- Model how to stretch the vowel sound in each word and listen for whether it sounds like long a, long e, or long o.
- For differentiation, read the words aloud to support emerging readers or let advanced students sort additional teacher-provided words.
- For engagement, turn it into a timed sort or partner race, checking accuracy at the end.
- For extension, ask students to choose one word from each column and write a sentence that shows the meaning of the word.
