10. We watched the deer leap over the fence.

Teacher's Guide

- This worksheet helps students identify **incorrect CVVC spellings** and apply accurate vowel team patterns in real sentences.
- Model one example by reading it aloud, spotting the error, and correcting it while thinking aloud about the vowel sound.
- For differentiation, pair emerging readers with a partner for shared reading, or provide a list of common vowel teams for support.
- For engagement, let students highlight the incorrect word before rewriting the sentence.
- For extension, ask students to create a new sentence that includes a misspelled CVVC word and trade with a classmate to correct.
