## CVVC Word Roll Answer Key

All words in the rows follow CVVC vowel team patterns. There are no trick items.

Teachers simply verify fluency and accurate decoding.

### Teacher's Guide

- This activity builds **fluency** with CVVC vowel team words through repeated reading in a playful, low-pressure format.
- Model reading one full row before students begin to demonstrate smooth, connected reading.
- For differentiation, allow emerging readers to echo read after an adult, while advanced readers can time themselves and try to improve their speed with accuracy.
- For engagement, let partners take turns rolling and reading, listening for correct vowel team pronunciation.
- For extension, have students choose two words from their row and write a short sentence or draw a picture showing the meaning.
