Teacher's Guide

- Perfect for introducing or reviewing the provinces and territories of Canada.
- Encourage students to look for **key feature words** like mountains, lakes, prairies, or coast.
- Use this worksheet as a warm up, partner activity, or quick assessment.

Differentiation Tips

- For Grades 3 to 4:
 - Provide a labeled map of Canada for reference.
 - Read each clue aloud and highlight important vocabulary.
- For Grades 5 to 6:
 - Challenge students to add one extra fact about each province they identify.
 - Encourage students to explain which clue word helped them choose their answer.

Engagement Ideas

- Create a wall sized map and let students place sticky notes with province names on the correct regions.
- Play a guessing game where students give their own province clues for classmates to solve.
- Show photos of real locations from the clues and ask students to match them to the province.
