Teacher Notes

- This activity strengthens recognition of **proper nouns**: names, titles, places, landmarks, and specific organizations.
- Reinforces punctuation at the end of sentences and **comma usage in geographic locations and dates**.
- Encourage students to underline or highlight the proper nouns after correcting to visually confirm they found them all.
- Extension idea: Ask students to write **two original sentences** using proper nouns for a person, a place, and a thing, then trade with a partner for correction.
